

## Part Number 16765HKR

### Hooker Super Competition Y-Pipe Assembly 93-97 Camaro / Firebird with LT1 (265-400) Using Hooker Header #2231HKR or 2231-1HKR

Thank you for making Hooker Headers your choice in high-performance exhaust systems. Extensive dyno/track testing has enabled Hooker to offer the most advanced design in exhaust systems. The installation, while not complex, will take a certain amount of time. However, the additional horsepower and improved performance will more than justify your efforts. Proper installation and maintenance will ensure a long life and maximum performance from your Hooker exhaust system.

#### **BEFORE STARTING**

Your vehicle must be raised a minimum of 36 inches. A floor hoist is ideal. If no hoist is available, we strongly urge the use of axle stands as a safety measure.

**CAUTION!** Your car should not be supported on a bumper jack. We recommend welding all pipe slip joints. If no welding equipment is available at the time of the installation, use the furnished clamps to secure the pipes, until they can be welded.

**NOTE:** This Y-Pipe is designed to fit with Hooker Header P/N 2231HKR & 2231-1HKR ONLY!

**NOTE:** This Y-Pipe will bolt to Hooker Super Competition Cat-Back system P/N 16827HKR & 16825HKR.

#### **INSTALLATION PROCEDURE – PLEASE READ CAREFULLY**

1. Install Hooker Header P/N 2231HKR per instructions included with it.
2. Install Y-Pipe assembly to the headers with the gaskets.
3. Connect the exhaust system to the Y-Pipe.
4. Install the three (supplied) T-bolt clamps at the slip joints and tighten.
5. Re-install the under-driveshaft cross-member using the 1 inch diameter spacer and bolts.
6. Start and check for leaks.

When finished, give your vehicle a test drive, checking carefully for any new noises. After several days of driving, re-tighten all the bolts.

**ANY QUESTIONS?** Please contact the Technical Service department at: Holley Performance Products, c/o Tech Service, 1801 Russellville Road, Bowling Green, KY 42101-3542; or call 270-781-9741; fax to 270-781-9772; or for online help, please refer to the Tech Service section of our website: [www.holley.com](http://www.holley.com).

#### **LIMITATION OF LIABILITY - DISCLAIMER**

The regulation of emissions production, noise levels, and safety standards is undertaken by the federal government, each of the fifty state legislatures, and by many local municipalities, towns, and counties.

Hooker Industries makes no warranties of merchantability, of fitness for particular purpose, or that its products are approved for general use, or that its products comply with laws, regulations, or ordinances in the state where they may be sold to the ultimate purchaser, the consumer.

Unless expressly stated to the contrary in the catalog, instruction sheet, or price list, the entire risk as to the conformity of any company product in any such state and as to repair should the product prove to be defective or non-conforming, is on the retail purchaser, the buyer, the ultimate consumer, of such product and it is not upon the seller, distributor, or manufacturer.

In this connection, the retail purchaser, the buyer, the ultimate consumer assumes the burden of the entire cost of any and all necessary service, alterations, or repair.

#### **THE FOREGOING STATEMENT LIMITS THE LIABILITY OF THE MANUFACTURER**

California vehicle code, sections 27156 and 38391, prohibits the advertising, offering for sale, or installation of any device, which modifies a vehicle's emission control system, unless exempted, unless otherwise noted. HOOKER™ Headers that have not received an Executive Order (E.O.) exemption from these code sections are not legal for sale or use in California on vehicles originally equipped with catalytic converters, except for racing vehicles, which may never be driven upon a highway. Check with your local authorities to determine if these headers are legal for use in your particular area.
