

WARNING!

The 162-570 Fuel Filter included in this kit is a 10 micron POST-filter. This filter is to be installed **AFTER** the fuel pump and prior to the fuel pressure regulator. The fuel mat serves as a 15 micron pre-filter and no other filters are needed before the fuel pump.

DO NOT INSTALL THE 162-570 FUEL FILTER PRIOR TO OR BEFORE THE FUEL PUMP!

FAILURE TO PLACE THE FUEL FILTER IN THE PROPER LOCATION MAY RESULT IN FUEL PRESSURE DROPS AND/OR ENGINE DAMAGE!!!
