

1964-65 Ranchero & Station Wagon Gas Cap

Part Number: C4DZ-9030-A

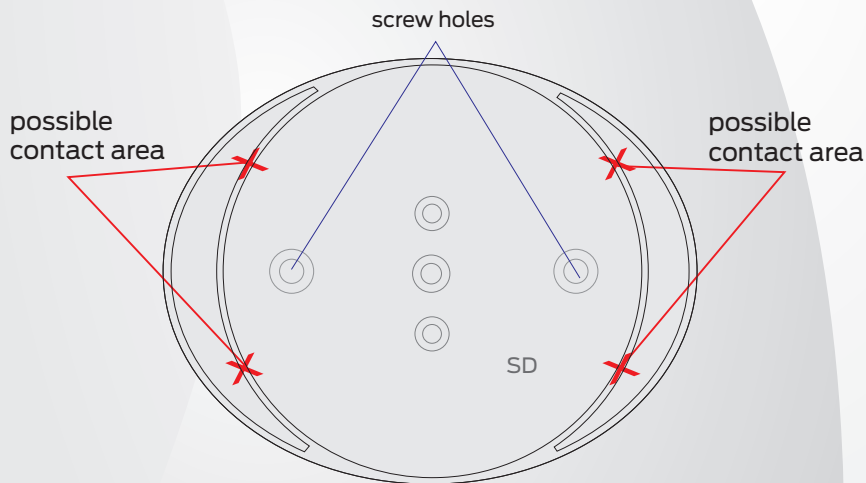

Thank you for purchasing a quality Scott Drake product. Please refer to the installation instructions below when installing this product.

IMPORTANT PLEASE READ BEFORE INSTALLING OR PAINTING

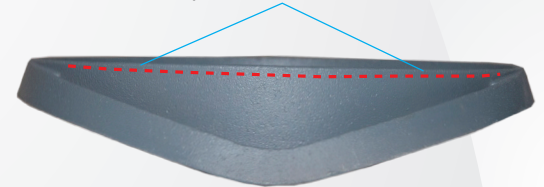

This is an exact replica of the revised Ranchero gas cap Ford produced with an extra inner lip. The revised inner lip was engineered to supposedly help keep gas from splashing onto the quarter panel. However, this version can make contact with the inside recessed gas cap area of the quarter panel and scratch the paint when pressed down hard and twisted on or off. It is not required but we recommend removing a small amount of material from these 4 areas indicated below in the illustration before painting. This clearancing can be done quickly with a file or sander. Approximately 1/16" is all that needs to be removed in the areas indicated. Please see diagram below.
