Anvil Off-Road 12-volt 3,500 lb. winch is ideal for use on ATV’s & UTV’s. This winch is powered by an efficient 2.0 HP 12-volt permanent magnet motor. Each winch features a synthetic rope & aluminum Hawse fairlead. The wireless remote control is really handy when loading a vehicle on a trailer, since you can steer the vehicle while controlling the winch. Includes: winch, fairlead, mounting plate, solenoid, handlebar switch, wireless remote, wire & hardware.

If you have any questions about this or any Anvil product application, please contact our Tech Sales and Service at 1-888-464-6553
