

Before you Begin, Register your CL1 Data Box

Log onto portal.racepak.com and register your CL1 Data Box by following the step by step prompts shown online.

Registration of the CL1 data box provides a number of benefits, to the customer, and is necessary for use of the CL1 product. There are a number of aspects of device registration that should be reviewed, before the registration process.

The screenshot shows a web browser window with the URL portal.racepak.com. The page features the RACEPAK logo at the top, followed by the heading "REGISTER". Below the heading are four input fields: "First Name", "Last Name", "Email", and "Password". At the bottom of the form is a black button with the text "REGISTER" in white. The background of the page is a light gray with a faint image of a person wearing a helmet.

Register Device

1. **Team:** The creation of a team provides a secure location for all cloud based data, related to that particular team and CL1 data box. This action also provides the ability to define the desired Team from the vehicle mounted mobile device running the CL1 app, for cloud data uploading purpose. Teams are also presented to remote viewers, in order to select the correct team for data review.
2. **Device Serial Number:** 12 digit/letter combination found on the bottom of the CL1 data box.
3. **Subscription:** Available on a monthly or yearly basis, providing the ability for users to remotely view data from any location, utilizing an internet connected mobile device, running the D3 app.

My Teams

1. Provides ability to add individuals, for remote data viewing. A valid email address is required for each team member.
2. The team "owner" has exclusive access to the team, and as such is responsible for the addition or removal of team members, in order to provide access to, or remove access from, reviewing remote data.
