

Detroit Speed
DSE Stainless Steel Side Pipe Headers
1963-74 Corvette w/LS Engine and SpeedRay Suspension
P/N: 061006DS

The Detroit Speed stainless steel side pipe headers are designed and engineered for LS engines installed in a 1963-74 Corvette using the DSE SpeedRay front suspension. These headers are designed for performance, maximum ground clearance, and a clean engine compartment appearance. The Detroit Speed Stainless Steel LS headers are durable and attractive with no fitment issues for easy installation. The DSE Stainless Steel LS Headers use a 1-7/8" primary tube diameter with 4-way merge collectors.

- NOTE:** 1. Detroit Speed offers Hooker stainless steel side pipes to complete you exhaust. This kit is available in polished, black and ceramic coat silver.
2. The customer will need to purchase and weld in an oxygen sensor bung in both collectors to fit their vehicle.
